Curling Club Makes Merry at Annual Smoking Concert

Championship Trophies Presented in Customary Style and New Officers Appointed

"It's always fair weather, when good fellows get together." This typifies the smoker held in the Catholic hall Monday evening, at which J. Bell presided. O. E. S. Whitehead presented the cups, as follows: T. Jackson, McGillivray Cup; J. A. McLeod, Merchants Cup; James Moores, Morrison Cup; E. Ledieu, club competition prizes. The Grand Challenge cup, won by J. S. D'Appollonia, the International cup, won by J. A. McLeod, at Crow's Nest Pass bonspiel, and the Studebaker Cup, won by E. Ledieu at Blairmore bonspiel, were also presented. Refreshments were served, and songs sung by T. Jackson, Archie McCulloch, J. Bell and R. F. Barnes brought to close a very enjoyable evening.

Officers elected for the ensuing year are T. Jackson, president; J. A. McLeod, vice president; W. L. Rippon, sec. treas; J. Naab, and four other members as executive committee.

Death of Mrs. Olson

Mrs. Mina Olson, for nine years a resident in Coleman, wife of section foreman Olson, who six months ago moved to Midnapore, died early on Sunday morning in Calgary general hospital. She is survived by her husband and two daughters Marie and Virginia, and by relatives in Vancouver, Seattle and North Dakota. She was a member of the Rebekah lodge here, and her death was quite a shock to many old friends.

Mrs. Wm. White and Mrs. Walter Nelson were appointed by the Rebekah Lodge to attend the funeral of Mrs. H. Olson, which took place at Calgary on Wednesday. Many expressions of sympathy were forwarded by Coleman friends of the family.

ST. ALBAN'S CHURCH

Next Sunday services: 2:30 p.m. Sunday school; 7 p.m., even song and address.

On Friday, April 15, Rev. Harding Priest, field secretary, Anglican S.S. Association, will address a meeting in the church at 8 p.m.

Rev. David Gray of Fernie will preach at both services at the United church on Sunday, April 3, it being the 26th anniversary of the church. Sunday school will be held at 12:15 o'clock.

Persistence overcomes obstacles

High School Students Gave Fine Program

Art of Self Expression Developed and Pleasure is Given to Appreciative Audience

The concert by Coleman high school was thoroughly enjoyed and the noticeable feature was that there were no tiresome intervals between turns, a running interest being maintained with such vigor that the two-and-a-half hours program whirled by in song, music and wit. Noticeable was the progress made by the school orchestra under the leadership of Miss May Powell, their playing of selections from Mozart, Beethoven and Mendelssohn being very good indeed.

The girls' choir under the leadership of Principal Hoyle was a revelation, and above the average standard of the usual school singing, good rhythm and modulation being noticeable. Very popular was that rollicking old song "Nancy Lee," also "Men of Harlech," other selections were equally good.

In the instrumental, John Petroski's violin solos were outstanding for such a young player, who showed real art in his playing. In young players there is often noticed a slightly discordant note through not playing correct tones, but in Petroski's this was entirely absent.

The program was of a varied nature, sufficient to satisfy all tastes. Violin duets, saxophone solos, readings, and one and two-act sketches were well presented the most amusing being "Mrs. Jarley's Waxworks" and a play by Coleman Comedy Navigators, entitled "Christopher Columbus." "Pyramis and Thisbe" by Grade XI girls also was quite interesting, particularly when the dead Pyramis turned over to hand the dagger to Thisbe with which she in turn killed herself. The characters were played by Audrey Dunlop and Delys Brown.

Reuben Johnson's bass voice is remarkable for such a young singer, and "Asleep in the Deep," depending to the low bass note C was managed with barely an effort. Irene James is deserving of special mention, her singing of "Pale Moon" bringing much applause, while in the radio sketch, "Romeo and Juliet," her part was well taken.

Margaret McDonald and Marjorie Halliwell played quite effectively a piano duet, "The Charge of the Uhlans," and Elizabeth Moores played in violin solos and also in duets with Q. Belevich. Readings were given by Annie Gardiner, Alwyn Hayson and Lena Godfrey. J. Janostek and George Vincini played a saxophone and cornet duet, and the humorous turn by Bob Borden, entitled "Quips," brought forth many smiles and gusts of laughter.

With such a good standard, Coleman people will anticipate further efforts along these lines by the high school, and a word of praise is due to Principal Hoyle, Miss B. L. Dunlop and Miss May Powell for their good work in arranging the entertainment.

Robert Hulbert, whose ankle was injured in the International mine by a rock fall, about two weeks ago, underwent an amputation operation on Tuesday.

Whispering or Hollering

He who finds he's something to sell,
And goes and whispers it down a well,
Is not so apt to collar the dollars,
As he who climbs a tree and hollers.—Exchange.

Mr. and Mrs. J. Moores Honored by Town Council

Ex mayor James Moores and Mrs. Moores were guests of honor at a party given at the home of Mayor and Mrs. George Pattinson, at which the members of the 1932 town council and officials were present.

In appreciation of his services as mayor for four years, he was presented with a handsome framed picture of Crow's Nest Mountain, and Mrs. Moores was presented with a lovely bouquet of roses, Mayor Pattinson making the address accompanying the presentations.

Mr. Moores appropriately replied, stating that though he had resigned on the expiry of his term, yet he would continue to be interested as keenly as in the past in all matters pertaining to municipal government.

Mr. and Mrs. R. Lawlett spent Easter holidays in Calgary.

The L.O.L. whist drive and dance last Thursday proved very enjoyable, and the committee was well pleased with its success.

Relief Concert To-Night

To raise funds for strike relief, a concert will be held in the K. of P. hall, the admission being 25c.

"Brick" Bell spent Easter holidays in Calgary visiting friends.

Now is the time for the hockey club to hold its annual meeting, to report on the season's activities and plan for next season's line-up of the team. Recognition is also due to the players for their season's record.

A Great War! A Great Pestilence! A Great Depression!

ALL within twenty years. Could there be a more gruelling test?

Yet life insurance stands invincible. During that whole period it paid every obligation promptly and fully—as it has ever since the Dominion was formed.

The Sun Life Assurance Company of Canada itself paid to policyholders and beneficiaries in cash during these periods—

The War (1914-1918)

The Flu (1919)

The Depression (1930-1931)

—over \$226,000,000. It has paid to its policyholders and beneficiaries since formation nearly \$600,000,000.

In prosperity, life insurance is valuable; in adversity it is indispensable. The protection of your home, the security of your business, the comfort of your old age, depend first on adequate life insurance.

Have you enough?

Western Problems Are Discussed At Inter-Provincial Conference

Calgary, Alberta.—Unification of western Canadian policies, especially regarding unemployment relief, was advanced here Saturday, March 12, at the third inter-provincial conference of representatives of Manitoba, Saskatchewan, Alberta, and British Columbia. Details of debate and decisions were withheld pending submission to the various provincial cabinets.

Problems of relief administration, handling of transients and deportation of foreign born agitators were discussed during the one-day conference, and representations to the Federal Government are expected to be made following consideration of the delegates' reports to their governments.

O. L. McPherson, Minister of Public Works in the Alberta Government, said that in all probability the provincial governments would take up with federal authorities the question of extending the period for Dominion aid in relief matters until the end of May, at least.

R. W. Bruhn, Minister of Public Works for British Columbia; T. M. Molloy, Deputy Minister of Labor for Saskatchewan, and W. R. Chubb, Minister of Public Works for Manitoba, questioned here, were all silent on the discussions of the conference.

Reports said the provinces would seek joint control of relief money expenditure to avoid delay in the inauguration of building projects and other government relief measures, but no confirmation was made by the four government representatives during the session.

Dr. Grisdale To Retire

Deputy Minister Of Agriculture Will Be Superannuated

Ottawa, Ont.—The superannuation of Dr. J. H. Grisdale as Deputy Minister of Agriculture was announced by Robert Weir, Minister of that Department. Dr. Grisdale suffered a breakdown in health about a week ago and as a result asked for his superannuation, which has been granted. He had been Deputy Minister since 1919.

In making the announcement the minister expressed regret that one who had been so long in the service should find it necessary to ask for his superannuation on account of illness, which, no doubt, had been due to his arduous duties in the department. Dr. Grisdale will receive six months' leave with pay from April 1, after which the superannuation takes effect. No successor to Dr. Grisdale has yet been chosen.

Premier Outlines Seed Plan

Federal Government Proposes Loan To Three Prairie Provinces

Ottawa, Ont.—The position which the Dominion Government has taken in respect to supplying seed and feed for farmers in the prairie provinces was outlined in the House of Commons by Premier R. B. Bennett.

In brief, the government proposed to advance the necessary monies by way of loans to the three prairie provinces. The provinces would give to the Dominion their own treasury bills in return. In the case of the Province of Manitoba, Mr. Bennett stated that "something less than \$700,000 would take care of requirements."

Sir Henry Thornton Denies Persistent Rumors That Traffic Is Diverted

Montreal, Que.—The following statement was issued by Sir Henry W. Thornton, president and chairman of the Canadian National Railways:

"From time to time there have been rumors to the effect, amongst other things, that the government had caused, by either direct or indirect methods, traffic to be diverted from the lines of the Canadian National Railways. These rumors are entirely without foundation, and the management of the Canadian National categorically and emphatically denies that anything of the sort has occurred."

"The present management of the Canadian National Railways has had approximately nine years' experience with the political parties, and is of the opinion that the responsible leaders of

To Prevent Unemployment

Alberta Asks Federal Government To Adopt Jobless Insurance

Edmonton, Alberta.—Adoption of a national scheme of unemployment insurance was urged upon the Dominion Government in a resolution which was passed unanimously by the provincial legislature.

Moved by A. Smeaton, Labor, Lethbridge, the resolution read: "Resolved that this assembly, being of the opinion that the results of unemployment can only be properly and adequately prevented by a federal or national scheme of unemployment insurance, acceptable to the provinces, urged the federal government the immediate necessity of such legislation."

Ottawa, Ont.—The Dominion Government intends to carry out its promise to conduct an investigation into a contributory scheme of unemployment insurance with employers and workers participating. It was officially stated today in connection with a resolution passed in the Alberta legislature for a federal or national scheme of unemployment insurance.

North Salmon Fisheries May Be Developed

On Account Of U.S. Senate Refusing To Ratify Treaty

Victoria, B.C.—As a result of further refusal of the Senate of the United States to ratify the treaty negotiated between Canada and the United States five years ago for the preservation of the salmon fisheries of the Fraser River, British Columbia will urge upon Ottawa the complete obliteration of the salmon run of that river and the development of northern fisheries in place of it.

This was intimated in government circles here following announcement that the United States Senate was determined to take no action on the treaty at present.

Child Welfare Worker

Dr. Helen MacMurchy, Chief Of Department, May Be Retired

Ottawa, Ont.—Dr. Helen MacMurchy, chief of the Department of Child Welfare in the Dominion Department of Health, and one of Canada's outstanding women, may be retired from service at the end of March. Along with several others, Dr. MacMurchy recently received notice of her retirement at the end of the month, with superannuation, in view of having reached the 60-year mark. Dr. MacMurchy was appointed chief of the child welfare branch at the time of its inception in 1919.

Russian Force Doubled

Soviet Garrison In Siberia Has Been Greatly Increased

Tokyo, Japan.—The Japanese Consul at Khabarovsk, Siberia, reported to the foreign office that the Soviet garrison there approximately had doubled in the last month.

Japanese authorities professed not to be alarmed, however, in spite of repeated reports of the sending of Soviet reinforcement troops to western Siberia. The war office estimated that the total Russian force along the Ussuri frontier now is 50,000.

VISITS CANADA

Lord Irwin, former Viceroy of India, is coming to Canada in April to give the inaugural address in Toronto in connection with a permanent seafarers' fund established by the Massey Foundation. The object of the "Massey Lectures" will be to bring to Canada from the Motherland annually someone of outstanding eminence in some sphere of activity.

Western Grain Rates

Urge Discrimination From Prairie Province To Pacific Coast Be Removed

Edmonton, Alberta.—Action by the Privy Council with regard to the dispute by the provinces of Alberta and British Columbia to have discrimination on grain rates from the prairies to Pacific Coast points removed was urged in a resolution adopted by the Alberta legislature.

The resolution was moved by A. G. Andrews, U.F.A., Sedgewick, and seconded by F. S. Grisdale, U.F.A., Olds. It asked an answer be given to the appeal made by the two provinces in 1929 against the decision of the board of railway commissioners' order in general freight rates investigation insofar as the appeal pertained to the discrimination shown to exist between the export and domestic rates on grain shipped via Pacific coast ports.

Support For Red Cross

Contributions For Year 1931 Increased By \$50,000

Toronto, Ont.—In view of the enormous reduction of the average income of the Canadian public, it might have been anticipated that Red Cross revenues would have diminished greatly. But the contrary is the case, states J. L. Biggar, national commissioner, in the report submitted to the annual meeting of the Canadian Red Cross here.

Voluntary contributions to the Red Cross for 1931 were \$366,325, an increase of \$50,000 over 1930. Gross revenues of the society were \$828,689 for 1931, \$181,000 more than in 1930.

National Relief Fund

Toronto, Ont.—Slightly more than \$250,000 has been subscribed to date to the National Emergency Relief Fund, announced by Prime Minister R. B. Bennett, last December, Norman Sommerville, K.C., has stated. The total includes the amount raised under the Saskatchewan Emergency Distress Fund.

France Must Import Wheat

Placing Of A Fresh Duty On Canadian Grain Is Unlikely

Paris, France.—Reports that the French Government will place a fresh duty on Canadian wheat on the expiration of the Franco-Canadian trade treaty next June have no substantiation. It was learned the government has not reached any decision, and such action is described as very improbable.

It is pointed out France is bound to import wheat, as her own production is short, and duties would merely increase the cost of bread to the consumer without benefitting the domestic wheat producer. If any such action were taken it would have to be done under the so-called "padlock act" which authorizes the government to increase duties on certain products, mostly foodstuffs, including wheat, by decree without previous notice.

The ministry of agriculture put in force drastic restrictions on the importation of fresh fruits and live plants, which affect Canada among other countries. This however is a step to guard against the introduction of the parasite known as the "San Jose disease," which is of Californian origin.

Imperial Conference

Thought That Prime Minister Ramsay MacDonald Or Stanley Baldwin Would Attend

London, England.—So much importance is attached to the Imperial Economic Conference to be held at Ottawa in July by the National Government that it would cause no surprise if Prime Minister Ramsay MacDonald or Stanley Baldwin, Lord President of the Council, headed the United Kingdom delegation.

Mr. Baldwin's name is being mentioned more particularly at the present time in connection with the fact that as Lord President of the Council his association with the conference would be as appropriate as it would be welcome.

Composition of the delegation continues to give rise to much speculation. There appears no doubt that J. H. Thomas, secretary for the Dominions; Walter Runciman, president of the board of trade, and Neville Chamberlain, Chancellor of the Exchequer, or Major W. E. Elliot, financial secretary to the treasury, will be included in any case.

Operated At A Loss

Manitoba's First Year Of Administering Natural Resources Results In Deficit

Winnipeg, Man.—First year's administration of Manitoba's natural resources by the provincial government resulted in a deficit of \$101,651, according to a report tabled in the Legislature by D. G. McKenzie, Minister of Mines and Natural Resources. Total expenditure for all purposes amounted to \$440,222, while revenue and capital account totalled \$338,571. Natural resources were taken over a year ago by the province from the Dominion.

Millionaires In Britain

London, England.—Great Britain has 540 "millionaires," according to the annual report of the inland revenue commissioners compiled on the basis of incomes exceeding £10,000 assessed for surtax last year. The report also stated there were 157 incomes exceeding £100,000 for the same period.

Idle Insurance Plan Laid Before Parliament By Peter Heenan

Ottawa, Ont.—Details of an unemployment insurance scheme were laid before parliament by Peter Heenan, former minister of labor, with the expressed hope the government would foster the plan. The total annual cost he placed at \$90,000,000, to be divided equally among the Dominion, the workers and the employers. Benefits would range from \$30 a month for single men to \$55 a month for married men.

"In order to raise the contribution to be made by the workers," said Mr. Heenan, "each man would be required to contribute \$15 a year or about 30 cents a week. One or two per cent of the payroll of the average employer would raise the \$30,000,000 required from that group and the remaining \$30,000,000 would be contributed by the federal government, or, if it desires to co-operate with the provinces, it could contribute \$15,000,000, and the provinces the remaining \$15,000,000."

The insurance scheme, to be effective, should be national in scope, said the former labor minister, "and there is no excuse to delay it any longer. Any question of waiting for further information, or of hearing the opinions of actuaries is, to my way of thinking, only stalling off the proposition. The Heenan suggestion was made while the House was debating the government resolution to prolong until May 1 the unemployment Relief Act of last session. Once again, the majority of the speakers rose from the opposition benches and they massed their attack on the "blank cheque" features of the measure. The cabinet, they urged, was attempting to secure all the functions of parliament—power to spend money without specific authority, to amend legislation and enact new laws, all by order-in-council. The House of Commons was being rendered impotent and its powers and rights surrendered to the Prime Minister and his cabinet ministers."

Division on the resolution was postponed until next week. For the most part, government supporters have withdrawn from the debate. A vigorous defence of the administration of money by the Saskatchewan relief commission was entered by Dr. W. D. Connor, C.M.A., Long Lake, Saskatchewan, he said, had proved himself equal to the task of handling her own business. In these depressed times, all the province wanted was some slight assistance to help it along.

Criticism of the tariff legislation enacted by the government in the emergency session of 1930 was expressed by Robert McKenzie, Lib., Assiniboia. This legislation had lost foreign markets for the western farmers, he declared. Complaint that the Prime Minister was asking for unusual powers without confiding in parliament the reason for his request, was voiced by John L. Brown, Lib., Ligar.

The government's relief measure in Saskatchewan was commended by Harry Butcher (Liberal, Last Mountain). He said the people of Saskatchewan appreciated the government's work and the kind assistance

of the rest of Canada in sending food and clothing. E. J. Young (Liberal, Weyburn), commented on the Prime Minister's reference to the Saskatchewan farmers who had been helped by the government. The help, he said, had amounted to about \$17.50 per capita. He doubted if any other class of people could have got through the winter on that amount with so little complaint.

He believed in giving the Prime Minister all the credit that was due him. He agreed that a good job had been done in setting up the Saskatchewan Relief Commission. The Prime Minister could have set up a political body but had not done so and credit was due him for that, said Mr. Young. But he did have some complaint about the way the commission had functioned at the start.

Manitoba Farm Loans Board

Increased Deficit Is Shown For Fiscal Year Ended April 30, 1931

Winnipeg, Man.—Deficit of the Manitoba Farm Loans Association increased from \$168,874.18 to \$1,022,203 during the fiscal year ended April 30, 1931, according to a report submitted to the legislature by the Manitoba Farm Loans Board along with an audit report of the association.

The report was the first made by the new board, which took over direction of the association's activities in 1930.

Operating expenses of \$85,197.31 and writing off of \$768,158.44 under the board's new policy, accounted for the greatly-increased deficit, it was explained.

In an explanation of the association's condition, the report found fault with previous operation of the association. The scheme could not have been a complete success from the commencement," it remarks setting out that the margin between the cost of the money borrowed for the purpose of making loans and the rate of interest charged the farmer-borrower was insufficient.

Preparing For Conference

Manufacturers In Canada Have Been Discussing Empire Trade

Toronto, Ont.—Preparatory work for the Imperial Economic Conference being held next July at Ottawa is proceeding in a promising manner, it was reported to the council of the Canadian Manufacturers' Association in executive session here. Numerous meetings of groups of manufacturers have been held to discuss British Empire trade, particularly trade between Canada and Great Britain, and considerable information has been collected.

Easter Recess For Commons

Ottawa, Ont.—The House of Commons will adjourn from Wednesday evening, March 23, until the following Tuesday. Premier Bennett indicated that this was the Easter recess proposed by the government. W. L. Macdonald, leader of the opposition, said he thought this would be satisfactory to his followers.

Good Work Performed By British R. A. F. Receives Commendation

London, Eng.—For an hour Thursday afternoon, March 10, the House of Commons was illumined with the romance of high adventure.

Sir Philip Sassoon, under secretary for air, introduced the air estimates and they were no mere recital of types and numbers of aircraft. One saw the Royal Air Force opening up new routes, lending a helping hand in the world's desolate places.

A lost touring car of the Egyptian state railways was discovered in the sand wastes of the Libyan Desert. A friendly hand was given to a district commissioner in the collection of taxes from unwilling semi-nomadic tribes. A case of appendicitis was conveyed 500 miles across the desert from Darfu to Khartoum. Water and supplies were taken to an African trade expedition stranded north of Wadinafa, with only a small bottle of water between its members.

"Though reckoned by size alone, the Royal Air Force still takes only

fifth place in the air forces of the world, we have at least the satisfaction of knowing that no other air force is better equipped, and in no other air force is the standard of training and efficiency so high," said Sir Philip.

"But it is my plain duty to enter a warning that to maintain this standard we shall inevitably require in 1933 and future years substantially more money than the House is being asked to vote in these estimates."

The Royal Air Force estimates total 17,400,000 pounds, a decrease of 700,000 pounds. In regard to civil aviation, Sir Philip said proposals were afoot to bring into operation—in the near future, it was hoped—another 12,000 miles or more of Empire air routes. When these were opened the Empire would have more than 37,000 miles of organized air routes.

NOTES AND COMMENTS

Creative work brings happiness; idleness brings discontent. Men's grievances become magnified and intensified when not engaged in gainful occupation. It also enables quacks with half-baked philosophies a better opportunity to spread their nostrums.

A dispute of any kind must have two sides, and each side has its prejudiced or biased viewpoint. This is quite natural. At present the Crows Nest Pass has an industrial dispute on its hands, uncertain as to duration. In some quarters the strike is interpreted as an effort to forestall a reduction of wages, though no intimation had been given out in this area that a reduction is contemplated.

Operators have indicated they will, under new agreements, run their mines as heretofore in accordance with the Mines Act, but will not be intimidated by union officials as to who shall or shall not work. Too many men for available work, single men wanting the same amount of work as married men with families, and agitators urging impossible things have contributed to the unrest among the mineworkers.

There appears to those on the outside to have been a determination to create a strike, no matter if there were reasons to justify it or not. It had to come to a showdown; to a test of strength between the operators and the mine workers as to who shall run the mines. The situation has been aggravated by the fact that the Workers Unity League, with which the M. W. U. of C. is affiliated, has dominated the policy of the mineworkers, and this organization has no official recognition, either by the operators or by the All Canadian Federation of Labor. It endeavors to gain its objective by tyranny and revolution, by inciting the members to open violence if necessary, and this is a very dangerous doctrine to promulgate.

There is a population of 7500 people in the Crows Nest mining area dependent on the bituminous coal industry. None are in a position to withstand a prolonged strike siege, neither can much help be expected from others on the prairies whose difficulties are as great as those of the industrial areas. The attitude of the Workers Unity League is to hurl open defiance at all who are not within its ranks, thereby alienating public opinion to a large extent.

The competitive system is undoubtedly productive of many ills from which the industrial world suffers. Mr. and Mrs. Householder, union or non-union members, are always clamoring for lower prices. Price-cutting ensues, with the result that manufacturers look around to find where they can trim production costs. The union and the non-union people all take a hand in this vicious policy, and the worker has to suffer because he has in part contributed towards his own downfall. If everybody clamors for lower prices, somebody must accept lower wages. A rotten policy, 'tis true, yet how can you change it except by education? "Knock the whole system galleys west," says the "Red," "and set up Communism in its place." Easier said than done.

A solution must be found of the economic mess from which the world is suffering. It will be accomplished not by revolution, by violence and by inciting to class hatred, but by a more general observance of the golden rule. The choice is between materialism or Christian principles. And as man always strives to rise, no matter how often or how low he may be cast down, so will he rise above the present difficulties to solve them in a peaceful way. Russia's gigantic experiment will in the meantime be observed with keen interest by all other countries.

Unemployment has to some extent been relieved in the United States through communities joining in trying to provide jobs for idle men. The difficulty with most of us is that no matter how much we would like to give a job to an idle man, we haven't the money to pay him for his work.

De Valera is at his old tricks again. He is telling Great Britain to remove its influence from Ireland. No British oath of allegiance and no repayment of land annuities for which Great Britain advanced some millions of dollars several years ago is the base on which he makes his challenge to the British parliament. There is but one ending—the right will prevail. Possibly some heads will be cracked again, as on former occasions.

Einstein reports "curved" space data is only indirect. He points out that the curvature of three-dimensional space may be positive, negative or zero; the statement says that "there is no direct observational evidence for the curvature, the only directly observed data being the mean density and the expansion, which latter proves that the actual universe corresponds to the non-statical case."

Which to most of us is as clear as mud.

Need for Rejoicing—Bonds
Over-subscribed

Alberta Bonds yielding 6 1/2 per cent. were over-subscribed this week. Thus we have another evidence of the faith placed in this Canada of ours by the wizards of finance, who, at this moment, are scurrying around looking for safe investment.

No doubt, the rush for Alberta bonds can also be interpreted in patriotic terms, as was the Dominion Conservation Loan. Canadians, once again, have rushed to the aid of their country, and we can now exclaim with the customary fervor, that we are indeed prepared to make big sacrifices for our country.

Although newspapers have blazoned out the news of the support given these various bond issues, there has been a singular absence of ballyhoo concerning the success (or was it failure?) of the National Emergency Appeal. In the one case, citizens were urged as a patriotic duty to loan money at a few points above normal interest rates, but the National Emergency Appeal was floated as a charitable act.—Drumheller Mail.

Mr. H. M. Dafee left on Friday evening for Prince Rupert, having been called home owing to the critical illness of his mother, Mrs. F. W. Dafee. Friends were sorry to learn that owing to time lost in train connections Mr. Dafee did not reach his destination until Tuesday morning and his mother had passed away on Monday. Much sympathy is extended to Mr. and Mrs. Dafee in their bereavement. Mr. Dafee was teller in the bank here before going to Pincher Creek—Pincher Creek Echo.

Any carelessness which indicates disregard of the recipient's comfort, such as illegible writing and the use of a pencil when ink is available, is ill bred because it overlooks the point of view of the friend to whom the letter is addressed. Poor stationery and envelopes which do not match the paper are subtly discourteous because they indicate a lack of desire to give the friend the best thought and attention.

The Red Cross Society will hold a whist drive and dance in the I.O.O.F. hall on April 8, in aid of local relief. The rug donated by Mrs. W. G. Fraser will be drawn for.

8 McLAUGHLIN-BUICK
OWNERS OUT OF EVERY 10
BUY
McLAUGHLIN-BUICKS
AGAIN AND AGAIN**"An investment
that over 80% insist
on renewing is good
enough for me"**

SAYS a business man: "When I learned that eight out of every ten McLaughlin-Buick owners stick to McLaughlin-Buick, I decided that it was the car for me. When an automobile gives such perfect service that almost every owner buys the same make again—that's surely conclusive proof of satisfaction. And this year especially, with Wizard Control and all the other important improvements, McLaughlin-Buick looks like a sounder investment than ever."

If you, too, would always enjoy complete motoring satisfaction—the pleasure and economy of driving a McLaughlin-Buick can be demonstrated in a few minutes. We'll be glad to place a car at your disposal—call us today!

Corporal Weaver to Lethbridge

After 54 years in charge of the R. C. M. P. detachment in the Crows Nest Pass, Corporal J. J. Weaver has been transferred to Lethbridge, bidding his friends farewell on Monday of last week.

Mrs. Weaver and children will remain in residence at Blairmore till arrangements are completed for their taking up residence in the city.

Corporal Weaver has carried out

his duties here in an efficient manner, and in private life took an active interest in St. Luke's church, being one of the wardens during his residence in the Pass. Mrs. Weaver was also an active worker for the Women's Auxiliary, and they both contributed materially towards community life. They leave here with hearty good wishes from many friends.

The schools will re-open on Monday, April 4th.

Corbin Mine Workers Stand by Agreement

At Corbin, as at Fernie, the communist element have been very busy during the last year or two in trying in every way to create discontent. The contention in that camp was that a new agreement should be negotiated and that the men should get a better deal. The present agreement does not expire until 1934, but that made no difference, so last week the matter was put to a vote of the union with the result that the reds were defeated in their plan by a vote of 204 to 17.

In 1929 Corbin union joined up with the Canadian Mine Workers Union before that body had taken its present Communist complexion and they have been paying into headquarters something like \$150 a month, amounting in all to about \$12,000. A large number of the Corbin members of that union feel that it has been just that much money thrown away.—Fernie Free Press.

Over the Easter holidays Miss Bessie L. Dunlop is visiting at her home in Saskatoon. Miss May Powell at her home in Edmonton. Miss Olga Hole at Calgary and Miss A. Yuill at Medicine Hat.

Coleman Entries at Musical Festival

Competitors from Coleman taking part in the musical festival at Blairmore included the following: Vocal, under 10 years, Rudolf D'Amico; vocal under 12 years, Freda Antrobus; piano, over 12 years, Douglas Moores; violin, over 13 years, Fred Blazenko, Tony De-Cecco, Belle Godfrey; soprano, Mrs. Ivy Asbridge; soprano and tenor, Mrs. Asbridge and George Hibbert; male choir, Coleman Glee Society; violin under 16 years, Olga Belevich; vocal under 16 years, Eileen Richards; violin over 16 years, Beth Moores; piano under 14 years, Freda Antrobus, Mary Craig, Umie Johnson; vocal under 14 years, Mabel Asbridge, Peggy Asbridge, Irene Brennan; vocal, (novice class) Miss Irene Jamer; soprano and contralto, Mrs. Asbridge and Miss James; vocal under 18 years, Irene James, Eileen Richards; violin, senior open, Tom Hill; vocal, special event open to any voice, Mrs. Asbridge, George Hibbert.

The importance of a properly made up invoice or billhead cannot be over-estimated. See that your stationery properly represents your business and leave your orders with The Journal. Envelopes carry your message to its destination. They are important, and this office can suggest attractive printing copy.

SENTINEL MOTORS

Phone 21

Main Street, Coleman

Of course, most people buy motor cars for the convenience they give. But most of us also demand two other qualities—smartness and economy. The new Pontiac was built specifically to meet these important requirements.

It is truly smart—with chromed V-radiator; low, flowing lines; sloping windshield, and graceful, rounded corners, and this new styling is right in the forefront of motor car fashions.

Then, too, you'll find that Pontiac has all the year's important improvements, at no extra cost.

Come around and see this fine big car. There are seven models from which to choose. P11-32

Local News

Ross Powell came from Calgary on Wednesday to visit his parents for a few days.

Mr. Stokes, engineer at International power house, is in hospital making steady progress following a major operation.

Miss Hilda Fairhurst was a visitor to Calgary during the school holidays.

A young people's party was held at Mrs. Hoyle's home on Monday evening in aid of St. Alban's W.A.

At an Easter concert put on at Olin Creek school by Miss Jean Pattinson's pupils, \$20 was raised for charitable purposes.

Miss Verna McDonald is spending the holidays in Calgary.

Mr. and Mrs. H. C. McBurney spent a week with Calgary friends, returning yesterday.

Mr. and Mrs. T. Holstead spent the Easter holiday in Lethbridge visiting friends.

Coleman Glee Club sang at the evening service at St. Paul's United church on Sunday evening.

Mrs. I. Nielsen went to Calgary on Saturday to attend the funeral of Mrs. H. Olsen.

Mr. John McDonald is visiting in Lethbridge during the Easter vacation.

Easter weather was not conducive towards the wearing of spring clothing. It snowed every day of the holidays.

Kenneth Blain, who has lived here since September 1928, left on Monday for his home in Vancouver, and will probably return later in the year.

Distributors warehouse office was broken into last night by cutting a piece of a panel and slipping the hand through to turn the spring lock. A two dollar bill was the extent of the loot.

The altar of St. Alban's church was made beautiful for Easter services by gifts of flowers by relatives in remembrance of Mary Brown, William Wilson, Pearl Wilhemina Hill and Mrs. Frank G. Graham. The Ladies Guild also placed flowers.

Rudolph D'Amico was awarded 162 marks, second place in six entries for violin over 11 years; Fred Blazenko, 164 marks, third place in seven entries, for violin over 13 years, and Irene James was awarded 161 marks for contralto solo. A full list of results of Coleman competitors will be published in next issue.

John R. Brennan has taken over the night operator's key at the C. P. R. depot. He came here from Canuck, Sask., and his wife and two children will follow. "15 years ago he worked at Coleman station. His brothers are the well known hockey players.

The services held during Passion week by Rev. A. S. Partington and Rev. A. E. Larke were attended by members of their churches, and on Good Friday the three hours service was attended by about 70. On Easter day there were large attendances at all churches. Choral communion was sung at St. Alban's at 11 a. m.

W. Fairweather and Doris Ball, both of Corbin, B. C., were married at St. Alban's on Saturday by Rev. A. S. Partington, Joseph Ball and Muriel Jackson attending the bridal couple. The wedding supper was served at the home of Mr. and Mrs. W. Jackson. The bridal bouquet was presented to the church for use on the altar on Easter Day.

Coleman Hardware
W. Dutil, Prop.

The monthly meeting of the Caladonian society held last Friday was featured by an address, with lantern slides, entitled "A Personal Visit to the Old Country," by J. Kerr, of Passburg. A large number of members and friends spent an enjoyable evening. Lunch and dancing followed the lecture, with music by Blyth's orchestra. The next meeting will be held on April 22.

George Jenkins, well known local hockey player on the Canadians, and Phyllis Shone, daughter of Mrs. A. Dow, were married on March 22 at the United church manse by the Rev. A. E. Larke. Attending them were Vic Lilya, one of his comrades of the hockey team, and Mrs. W. Dutil, also Mr. Robert Jenkins, father of the bride groom. The bride was a former pupil of Coleman high school.

Net Proceeds	80 65
	\$102 85

Net Contribution to Local Red Cross Fund.....\$ 80 65

Burglars Frustrated

An attempted burglary at G. R. Neil's men's wear store was frustrated early on Tuesday morning, March 22. Mr. and Mrs. Martland, who have apartments at the rear of the store, were awakened by hearing a scratching noise, and at first imagined it to be cats. Mr. Martland investigated, and going to a window at the rear of the building, saw three men quickly disappear. A piece of glass had been cut from the window, where by they had intended trying to unlock the sash and make entrance. The time of the attempted burglary was between 2 30 and 4 a. m.

Assessment for Hospital

A special assessment of 50c per man was made last pay day for the hospital. The income has been less this past two years owing to there not being the number of men employed during the early summer compared with previous years. Formerly there would be about 1,000 men paying hospital dues for part of the year, whereas now it is down to those who are steady residents, and number about 650 employed at the two mines. The hospital also accommodated a number of patients from outside the town, and has experienced difficulty in collecting. Considerable expense was involved in caring for them.

... speaking of Spring
Footwear ...

Gay, colorful combinations of fabric and leather are to be the vogue. Quite novel when one sees how beautifully they blend with the newest of Spring costumes.

Council Meeting

A regular meeting of the council was held on March 22, there being present Mayor Pattinson, C. S. Antrobus, Rushton, Borrow, Jackson, Serak and L. Jones.

The secretary was instructed to send a resolution to the superintendent of child welfare protesting against the 10 per cent. cut in Mother's Allowances.

The sanitary inspector's report was accepted, and the matter of a new police uniform was left for the mayor and Constable Houghton to deal with.

Truck Smash Last Thursday
A miraculous escape from serious injury or death was that of A. Nel-

son and Fred Lostrand, who on March 24 were driving a truckload of props from north of McGillivray offices towards the highway. In attempting to change gears on the down grade, the truck gathered speed and the brakes would not hold. Gathering momentum, the driver kept the car on the trail, until he found he could not get it under control. He then decided to run into a transmission line pole, which was sufficiently stout to withstand the impact. The front of the truck was badly smashed, and the load of props were catapulted forward, smashing in the back of the cab.

Nelson's only injury was a wrist requiring several stitches, and Lostrand was cut and bruised in various places, and two ribs were broken.
